RUMORS OF FIGHT AT SEA

Unconfirmed Reports of Naval Engagement.

SAMPSON WILL PROBABLY GIVE BATTLE TODAY.

Washington, May 9.—Special—At noon the navy department had received nothing official from Sampson. Neither had any confirmation been received of the alleged meeting between the cruiser Montgomery and the Spanish warship Vizcaya. The only word received from Sampson was a message filed yesterday which stated that he was off Cape Haytien.

London, May 9.—Special—A local paper has a telegram from Aldershot saying that the Duke of Connaught has a message reporting that a naval battle has taken place in the Atlantic resulting in the defeat of the Americans.

Cape Haytien, May 9.—Special—There seems to be little doubt in the minds of the officers and men of Sampson's squadron, which arrived here yesterday, that the Spanish fleet will be met and will offer battle in a day or so. The enemy's forces will be augmented by about seventeen small gunboats now reported at Porto Rico, and all the small war craft that got away from Cuba when the blockading squadron appeared.

Rioting in Spain.

Madrid, May 9.—Special—A terrible riot occurred at Linares last night. A large crowd sacked the municipal buildings and looted the stores. The civil guard fired into the rioters, killing fourteen and wounding sixty. Rioting continued throughout today, and it was found necessary to call out a large force of infantry and cavalry. More persons are reported killed. In a riot at Launion four rioters were killed and many wounded. At Octroi a woman set fire to the administrator's house. The administrator and his family managed to escape, but an aged relative was burned to death.

Congress Promotes Dewey.

Washington, May 9.—Special—Resolutions promoting Dewey to Acting Rear Admiral and thanking him and his men passed both houses of congress today.

Preceding the action of congress in passing the resolutions thanking Dewey and his men the President submitted a message asking that congress recognize the great service performed at Manila. The senate adopted a resolution appropriating \$10,000 for the purchase of a sword and medal for Dewey.

Prisoners at Atlanta.

Atlanta, Ga., May 9.—Special—Twenty Spanish prisoners arrived at fort McPherson last night. Among them was Col. Cortijo, Weyler's brother-in-law. He declares that as long as he is a prisoner he will refuse to eat or drink anything, in the hope of starving himself to death.

TROOPS ORDERED TO GET READY

INSTRUCTIONS RECEIVED AT CAMP HARVEY TODAY.

They Will Leave for Cuba This Week if All Goes Well—Capt. Buck Will Have Everything in Readiness before the Close of the Week.

Camp Harvey, Milwaukee, May 9.—[Special]—The soldiers in camp here are in high glee at the prospect of leaving at once for Cuba. It is understood that the Third regiment will be sent to the seat of war with the first batch. Orders were received this morning to have the Third mustered in at once. Captain Buck says that the three regiments will be ready to leave Camp Harvey Thursday, Friday and Saturday, if ordered away before being fully equipped. The regiments will be mustered in in the following order: Third, second, first. If the war department wants the troops equipped here it will take a week or ten days.

Half of the Janesville company was examined to a finish this afternoon. So far has been rejected Privates Ben Barriage and Edward Phillips, the latter the Grand Army veteran who insisting upon enlisting although beyond the age limit. Sergeant Brosnan and Privates

Wixon, Berrell, Emmons, Knoff and Humphrey failed to pass the examination this afternoon. The examinations were finished. This is a good showing for the eighty four men examined. Private Olin also failed to pass. Five left for home this afternoon. It is authoritatively reported here that the Third regiment leaves for Chickamauga; the Second regiment for Atlanta; and the First regiment for Washington this week. Wisconsin calls for all extra property today.

REGICIDES EXECUTED

Men Who Attempted to Kill King George of Greece Pay the Penalty.

Athens, May 9.—[Special]—The two men who attempted to assassinate King George several months ago were executed today.

POWDER EXPLOSION

Two Men Killed This Morning At South Wincham, Maine.

Portland, Me., May 9.—[Special]—A powder mill at Oambo, South Wincham, has blown up. Two men were killed.

LOCAL MEN FACE SURGEONS TODAY

MEDICAL EXAMINATIONS AT CAMP HARVEY.

Work Was Begun at 11 O'clock This Morning and the Regiments Expected to Be Mustered in on Next Thursday—No Knowledge of When They Leave.

Camp Harvey, May 8.—Tomorrow this company will be called for medical examination. Two companies of the Second hold over from Saturday's work of the board, and we are informed that a company will be called about 11 a. m.

The regiments will be mustered into United States service Thursday next. Appointments of corporals will be made immediately after result of physical examination. The companies will have twelve corporals, a wagoner and an artificer. Otherwise they remain as present.

In regard to the departure from here, will say that I can see no move in sight for immediate future. No orders have been issued, nor can I learn of any move being made toward issue of equipments and clothing, by the government.

It would seem to me that Wisconsin would effect a return of her property before the troops leave the state. And, so far as I can learn, no action is being taken for an exchange by the volunteers into U. S. A. outfits.

Many Visitors.

Today is a gala day, and throngs of people from city, village and country flocked each other round the grounds and through the buildings. It would be useless for me to attempt a list of all the familiar faces I have seen today. As I write I can glance down through our quarters and see many a little gathering of families, friends and sweethearts, and since the trains have commenced to arrive, this has been as a military occupation, one big joke. The loud laughter and cheering is absent. It is a long handshake, a home face and a quiet corner, for a chat about affairs of those we left behind, and our own future. Here and there a tear, and everywhere an earnestness that removes the gathering as far from a country picnic as it is from a military occupation in the true sense of the word.

No duty today, for companies, but guard and parade.

Church call sent us all to the grand stand where our chaplain gave us a stormy sermon on duty.

The unfortunates who were sent upon beats as guards today were: Private—Privates Knox and Snake. Regimental—Privates Atkinson, Butterfield, Jellyman and Klenow.

Must Not Leave.

Strict orders were issued forbidding the leaving of the grounds of enlisted men on any but most serious errands and then only on a pass.

Consequently a great many of the boys, anxious to meet friends or go down town for some reason, donned the clothing of recruits who have not been given uniforms, and passed the guard as citizens. But the guards are "on" to all these tricks now, and many a man is quietly doing police duty or loading in the guard tent because he neglected to change his shirt or shoes, and appeared in state property at the gates.

The name of Dewey, our mascot, has been added to the list and called at every roll call.

WAS RUN OVER BY A TRAIN

Charles Henning Sustains Serious Injuries on the Northwestern Road.

On Sunday morning at 1:30 o'clock the fire department was called to the Monterey woolen mills, where it was found that Charles Henning, employed by the Janesville Barb Wire company, had been run over by a Chicago & Northwestern train and seriously if not fatally hurt. The injured man was taken to the Palmer hospital, where it was found necessary to amputate his left leg below the knee. It is thought that he will recover.

Mr. Henning was first discovered by John Rook, residing near the place where the accident occurred. Mr. Rook heard the man's groans, and going to the spot recognized Mr. Henning, who is a relative by marriage of Rook. The injured man refused to tell how he met with the accident, and no one in the vicinity witnessed it. The train that did the mischief was drawn by engine No. 107, Engineer Sherman and Conductor Charles Carpenter. Stains of blood were found on the left hand driving rod of the engine and also on the pilot. The train crew did not know it when they ran over him.

GEORGE ELLMAN is in Chicago today. Fresh dressed bull-heads for Tuesday. Skelly & Wilbur.

HIGH SCHOOL NINE WERE EASY WINNERS

DEFEATED THE ROCKFORD BOYS, SCORE 12 TO 2

The Forest City Team Was No Match for the Bower City Boys Who Found In Them a Soft Snap—Janesville Lads Outplayed Them at Every Turn.

Members of the Janesville High school base ball team played the Rockford High school team in the Forest City, Saturday afternoon, defeating them to the tune of 12 to 2.

The line-up of the teams was the same as published in The Gazette on Saturday. The Rockford Morning Star of yesterday says:

An Easy Victory

The Janesville boys had such an easy time of it that it was hard to get a line on the real merits of the aggregation. They have better ideas of the game than the Rockfords, although individually they are not much better in any apartment, save the battery work.

There was a lull in the game during one inning, when the Rockfords were at bat. It was Post's turn up, and there were loud calls for him, but he did not respond. He was finally discovered pulling Rockford bats out of the Janesville bat sack, whither he had seen them disappear. For once in the history of the game it was not the umpire who was called the robber.

At the end of the seventh inning the scorers grew weary and intimidated that nine innings had been played. No one disputed him, and the handful of spectators and the players made a break for the street car. Manager Steffe waited, that he might be alone with his thoughts.

Following is the conflict of Manlin reproduced:

SCORE BY INNINGS.
Rockford.....0 1 0 0 0 1-2
Janesville.....4 1 2 2 0 0-10
MIDNIGHT.

Two base hits—Matthews, Coyner. Wild pitches—Lee, 3. Bases on balls—By Lee, 6; by Post, 3; by Palmer, 2. Struck out—By Palmer, 5; by Lee, 6; by Post, 2. Passed balls—Peterson, 3; Scoon, 1; Bonesteel, 2.

Madison Herald

WILL CELEBRATE THE VICTORY

Janesville Will Have a Dewey Demonstration Wednesday Evening.

Preparations are now under way in this city for the celebrating of Commodore Dewey's great naval victory. Wednesday evening of this week has been selected as the time, and a committee is now busily engaged in making all preliminary arrangements. The committee having the work in hand will call on the business men of the city for a small donation which will defray the expense of powder, red fire and fireworks. The members of the Imperial band have kindly offered their services and were the first to suggest the idea of having such a celebration.

F. S. Winslow, one of the prime movers in the affair, says that the intention is to make the event a worthy one that will do justice to the great naval fighter of the age. Business men throughout the city favor such a demonstration and everyone is fully aware of the fact that Janesville is equal to the occasion.

A WORN-OUT FAD.

"Spring Medicines," "Blood Purifiers" and "Tonics" an Old Fashioned Idea.

Pure blood, strong nerves and muscles, firm healthy flesh, can only come from wholesome food well digested. "Blood purifiers" and "tonics" do not reach the cause of the mischief. The stomach is the point to be looked after. The safest and surest way to cure any form of indigestion is to take after each meal some harmless preparation of this kind composed of vegetable essences pure pepsin, golden seal and fruit salts, sold by druggists under name of Stuart's Dyspepsia Tablets, and these tablets taken after meals assist digestion wonderfully because they will digest the food promptly before it has time to ferment and sour, and the weak stomach relieved and assisted in this way soon becomes strong and vigorous again.

Of the men who have occupied positions of public trust in Kansas City, either by gift of the people or by appointment, none has a more enviable reputation for ability, honesty and efficiency than James Burns, Collector of the Port of Kansas City under Grover Cleveland. He lived to the respect of every one in the community—Democrats and Republicans alike. James Burns has used Stuart's Dyspepsia Tablets and he does not hesitate to say they have accomplished wonders.

"I suffered with dyspepsia for twenty years," said Mr. Burns yesterday. "Never knew what it was to enjoy life—it felt like a burden, as it does to all who suffer severely with dyspepsia. A few months ago I began taking Stuart's Dyspepsia Tablets. From the first I felt better, and now, although I am still taking them, I feel entirely cured. For the first time in twenty years I can eat anything I want and suffer no ill effects from it. You can't imagine the pleasure of this unless you have been a dyspepsia sufferer.

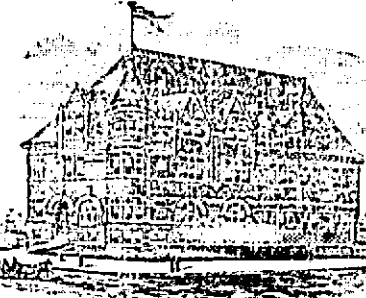

"I never gave a testimonial for any medicine before, but I feel as if everybody ought to know of this remedy, and while it is personally distasteful to me to appear in print in this connection, I feel as if I had no right to shrink the opportunity to, perhaps help some other sufferers from dyspepsia. I have been recommending the Tablets to all my friends. Only recently I took James H. Lills, the father of Father Lills, down to get some, and I understand he also is being wonderfully benefited. I can't recommend it too highly."

WEATHER FOR ECAS

Chicago, May 9. — [Special.] —
Forecast for Wisconsin:
Fair, warmer, tonight and Tuesday

GOVERNOR SCOFFIELD.

That Governor Scofield will be re-nominated and reelected, goes without saying. He has made an ideal governor, and his course has been warmly commended by all people. In another column The Gazette reproduces an article from the Chicago Times-Herald that will meet with universal approval.

Many of the state papers have endorsed Gov. Scofield warmly and the republican papers are not alone in commending him. The Madison Democrat, although on the "other side of the fence," speaks of the governor as follows:

"Governor Scofield's announcement that he will be a candidate before the next republican state convention ought to insure him the nomination unless his party is thoroughly ungrateful. His very conservative course during the anti-bellum intemperance of late alone entitles him to the admiration of all thinking men."

The belief seems to be general that this is "a poor time to change governors." In time of war, only tried and true officials should be in power. Governor Scofield has filled the office with credit to himself and to the satisfaction of the people, and at the polls next fall they should say "Well done, good and faithful servant."

PRAISE SENATOR SPOONER.

The Boston Herald, an independent democratic paper, speaks of Senator Spooner's Cuban speech as follows:

"Among the younger men of the United States senate who have achieved reputation in the proceedings of that body at its present session John C. Spooner, of Wisconsin, stands out with distinct prominence. Mr. Spooner is not altogether new in the senate. He served a term there which ended six years before his present one commenced. The Herald at that time pointed him out as one of the public men of the country likely to achieve a superior reputation. The beginning of his later senatorial service tends to justify this opinion of senators that Mr. Spooner's speech on the Cuban question was a remarkably able constitutional argument. It took rank with those of Senator Hoar and Senator White, of California, and these three speeches were undoubtedly the most statesmanlike production of the debate. The republicans may well have their eye on Senator Spooner. No man they have sent to congress of recent years has equalled him in the ability he has demonstrated."

WAS A CRUSHING DEFEAT.

Gen. August, governor general of the Philippine islands, telegraphs that 618 Spaniards were killed by Commodore Dewey's men. And no American was killed, and but half a dozen hurt—most of them by an explosion of ammunition on board the Baltimore. It seems hardly credible that the Americans could inflict such heavy losses, and sustain so little injury. As great improvement has been made, apparently, in heavy armament as in the manufacture of small arms, and the rapid fire gun of today is as much superior to the old style cannon, as the repeating rifle is superior to the old muzzle loader.

Naval annals do not chronicle another such victory. Dewey and his men have broken all records, and have added luster to the crown of success that the American navy has always worn.

PATRIOTIC LEW WALLACE.

A dispatch from Detroit says that Colonel P. A. Hoffman, of that city, served with General Lew Wallace in the Mexican war and the war of the rebellion. He has enlisted for the war with Spain, and learning that General Wallace was likely to have command of a regiment, wrote to him asking the privilege of serving for the third time under him. He received the following letter from Mr. Wallace:

"My Dear Old Friend: Thank you very much for your tender service, and I am delighted that you are now ready to serve the country as formerly. There is no prospect of receiving an appointment as general of volunteers. I am very much afraid that, like yourself, I am entirely of the past. I offered the other day to enlist and carry a gun in the ranks, but was confronted with the statement that, being over forty-five years of age, there was no chance for me.

I tried it a second time and went so far as to offer \$100 for a place as a private, and endeavored to prevail on the officers to throw their scruples aside and accept me. They declined. In addition to the argument of age against me it is my misfortune now to have been a major general. You see the point in difficulty. Do not, however, let me discourage you. Go ahead and do the best you can, and believe me, as always, most truly your friend."

LEW WALLACE.

Bravo General Wallace! It is too bad that there is no place in the service for the stout hearted author of Ben Hur.

WAS GORED BY A MAD BULL

Herman Hornick Badly Injured on the Farm of M. E. Hilton

Herman Hornick, a farm hand employed by M. E. Hilton near this city, was seriously gored by a mad bull belonging to M. M. Phelps on Saturday. Mr. Hornick was at work in a field adjoining the one in which the bull was confined. The animal sighted him, and breaking through the fence dashed upon him viciously, knocking him down and inflicting a number of painful wounds with horns and hoofs. Mr. Hilton went to the rescue of the prostrate man and succeeded in driving the animal off. Mr. Hornick had fainted from pain and loss of blood. Dr. James Mills was summoned from this city and dressed his wounds, but was unable to say how serious they might be, although he thinks the chances are good.

SPENT SUNDAY
IN CAMP HARVEYLARGE DELEGATION VISITS
THE SOLDIERS.

All of Captain Hanson's Command in Good Health and Spirits—Glad to Greet Old Friends—They Will Be Subjected to a Final Physical Examination Today.

Nearly five hundred excursionists from this city visited Milwaukee yesterday, making one of the largest crowds that was ever hauled out of the city for any one point in a single day. Local railroad officials say that the day was a record breaker for Janesville and one that they will point to with pride for some time to come.

The day was an ideal one, and as early as 5:30 o'clock in the morning groups of people could be found at the downtown restaurants getting an early breakfast prior to their departure.

Cars Were Crowded.

At the Chicago, Milwaukee & St. Paul depot the crowd that assembled, and at 7 o'clock the big line of well filled coaches pulled out with 285 passengers aboard. At Milton extra cars were switched on containing a good sized delegation, and at Whitewater a crowd managed to fill up every unoccupied seat. At 11 o'clock the train was switched off at Camp Harvey, where about one-half of the excursionists visited the boys in blue prior to going into Milwaukee.

At 7:30 o'clock a well filled lot of coaches pulled out of the local Chicago & Northwestern depot with 175 excursionists aboard. At Fort Atkinson the Janesville delegation was reinforced by fully 300, and so dense was the crowd that extra coaches had to be provided. At Camp Harvey the great portion of the local excursionists took their departure prior to visiting Milwaukee, which was a wise move for the reason that it saves an hour's time in making the trip out there from the city as well as a one way fare.

A Busy Day in Camp

As early as 9 o'clock in the morning the people began to arrive at the camp so that by the time the Janesville trains arrived it is estimated that fully 500 visitors were on the grounds. Each and every company in camp was looking its best, and the sight of some 3000 soldiers on a perfect day like yesterday was a scene worth going miles to see.

The members of Co. A are occupying the same quarters in the horticultural building, and they seem to be well satisfied with the situation. Relatives and friends by the score were to be found at all times of the day in earnest conversation with the Janesville boys, and not a few well filled baskets were sent from this city containing all the delicacies of the season.

Captain Hanson stated that all were well, but that so far as he was concerned he knew nothing about what their future destination would be.

Captain and Assistant Surgeon J. B. Whiting, Jr., stated that he expected the members of Co. A would be submitted to a physical examination some time today, and that as far as he was able to judge he thought about six of the Janesville boys would be obliged to return home.

Religious Services Held

At 9:30 o'clock the members of Co. A. were ordered into line, and then marched to the large grand stand, where they were met by members of the First and Third regiments. Divine services were then held, Rev. O. E. Varney, of Monroe, chaplain of the regiment. Officiating, services being opened with a verse of "Onward Christian Soldiers."

In his prayers Chaplain Varney referred to the homes, dear ones and friends the boys had left behind to take up the sword of war, and not a few of the soldier boys of the Bowser City were to be seen with handkerchiefs to their eyes. The war, however, was not for conquest but for righteousness, he said, as well as for the maintenance of peace over a down-trodden people.

At 12 o'clock many of the local excursionists left the grounds for the city, where they spent the afternoon and early evening. At 8:30 o'clock the train left, a half hour late, arriving in Janesville at midnight.

A Rushing Business

Superintendent Fred R. Moulton, in speaking of the business done by the Northwestern road, says that fully 7,000 people were carried into the Cream City yesterday by the Chicago & Northwestern company alone, special being run from all the principal cities in the state, making one of the largest day's business into Milwaukee in the history of the company.

J. S. Bowdoin, local agent for the Chicago, Milwaukee & St. Paul company, has good reason to be proud of the large number of people carried by his road throughout the state, for it is estimated that this road carried fully as many as the Northwestern.

As a first class excursion town Janesville will be classed in the front rank among cities of an equal size.

DEATH REAPS A
RICH HARVESTHENRY S. WOODRUFF EXPIRES
AT HIS COUNTRY HOME.

Was Well Known as a Horseman and an Inventor—Obsequies of E. J. Scofield at Center—Demise of Mrs. Frederick Garlt—David Howell's Death.

Henry S. Woodruff died at 11:30 o'clock this morning at his suburban home on Oak Hill avenue. The cause of his demise was heart failure brought on by a severe attack of pneumonia, which was contracted but a few days ago in the nature of a cold, which the patient found it impossible to shake from his system.

That Mr. Woodruff was dangerously ill from the very start of his sickness was fully realized by his many friends. Attending physicians did all in their power to relieve their patient, and if their patient had been the only obstacle in the way there is little doubt but that he would have recovered in time. Mr. Woodruff was subject to heart trouble, and soon after pneumonia had fastened itself on him, feeble system this complaint manifested itself, and it was mainly to the heart failing to perform its functions that caused his death.

Mr. Woodruff was widely known as a manufacturer and horseman. He was the patentee and maker of the famous "Woodruff" trace buckle, which is in use on nine-tenths of the heavy harness now in use. His patents expired some time ago, since which time his invention has been common property.

He was the owner of "Joe Bassett," the famous trotting horse, sire of the old time champion pacer, "Johnston." He was a great lover of horses and had owned many fast ones—"Allesandro," perhaps, being best remembered by Janesville people.

Personally Mr. Woodruff was quiet and unassuming, and never pushed himself forward. He was never found lacking when opportunity offered to do good, however, and the announcement of his death will bring sorrow to many who recognized in him a man of sterling worth.

Beside a devoted wife, four children are left to mourn his death: Mrs. Henry S. Woodruff, of Helena, Montana; Mrs. Jennie Baker, of Freeport, Ill.; Fred S. Woodruff and George Woodruff, both of this city.

Notice of the funeral will be given later.

David N. Howell

David N. Howell, a resident of the town of Center since 1893, passed away at 1:40 o'clock Sunday afternoon. Having suffered intensely for nearly twelve months he welcomed death almost eagerly and met it almost without a struggle, merely falling asleep. Mr. Howell was one of the few men who preserve unimpaired, the integrity of their manhood and amongst those who know him his name was a synonym for honesty and uprightness. None had more respect from their fellows during life than he, and after death, none could be more sincerely mourned. His patience and fortitude during his last sickness which was of a most trying nature was remarkable. He was a devoted member of the Methodist church, having held official positions for a number of years. In this society as well as in his home his loss will be irreparable. He made the religious profession the rule of his life.

Mr. Howell was born in Orange county, New York, January 18, 1823. October 16, 1850 he was married to Miss Julia A. Owen, the union resulting in four children, all of whom, with their mother, survive him. The children are: Mrs. A. D. Nott, of Janesville; Mrs. Emma A. Tollefson, of Milwaukee; Mrs. B. W. Snyder and William O. Howell, of Center. Besides his wife and children the deceased is survived by two sisters.

Funeral services will be held from the Methodist church in Footville on Tuesday afternoon at 2:30 o'clock.

Mrs. Frederick Garlt

May 8, Mrs. Frederick Garlt departed this life at her home in the town of Janesville. She had been a patient sufferer from heart disease for many months and death was a great relief. Had she lived until the 13th of December she would have been 74 years old.

The funeral will be held from the family residence Tuesday at 1:30 o'clock.

Mary McGee Garlt was born in Warren county, Penn., Dec. 13, 1824. In 1865, she, with her father, came to Wisconsin and located in the town of Janesville, five miles north of the city. On August 28, 1860, she married Frederick Garlt, who survives her. About thirty years ago she united with the Presbyterian church of this city and lived a consistent Christian life. Her cheerful disposition and kindness of heart won many friends, and Aunt Mary, as she was familiarly called, will be sorely missed by them.

Besides an aged husband she leaves a sister, Mrs. Rebecca Ockrane, of Oregon City, Oregon, and a son, A. O. Garlt who lives at the home. Mrs. A. E. Kennedy, S. J. Whitney, of Whitewater, M. R. Hyzer and L. M. Huie, nieces of the deceased and whom she loved as her own daughters, were with her when she breathed her last.

YOUNG MAN JAILED
ON SERIOUS CHARGESAY HE STOLE A HORSE AND
BUGGY.

E. Heimbaugh, of East Troy, Arrested at Edgerton and Placed in Jail Here—Taken to Elkhorn This Morning to Answer for the Alleged Crime.

E. Heimbaugh, of East Troy, left the Rock county jail this morning, with Sheriff McMillen, of Walworth county, riding behind the horse he is charged with stealing.

Heimbaugh was arrested at Edgerton yesterday by Deputy Sheriff Malpress and Marshal Welsh, and was brought here for safe keeping. Sheriff McMillen was then notified, and reached Janesville on the early train this morning, leaving with his prisoner after breakfast.

Heimbaugh is charged with stealing the horse from Shay Smith, the proprietor of an East Troy summer resort. After taking the horse, and a buggy from E. Teaker, a neighbor, he drove to Milton, getting his breakfast at a farm house near the village. Afterward he drove to Edgerton, stopping with a farmer near that city. He had worked in tobacco at Edgerton, and was known to the people of that city, but as he said he had bought the horse, he was not suspected of wrongdoing.

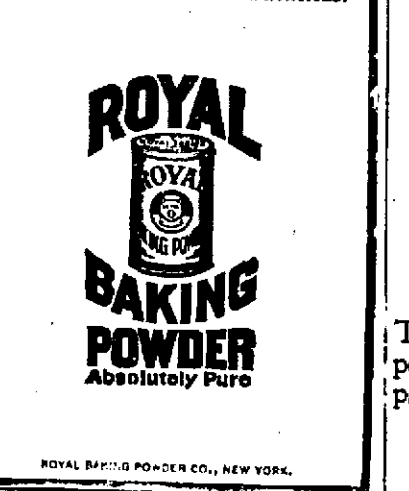

Arrested at the Depot.

Later word was received from Walworth county of the theft. Two ladies from the farm where Heimbaugh stopped over night were going to Milwaukee on the excursion yesterday, and Heimbaugh volunteered to take them to the depot. As he drove up to the platform he was recognized, and word was sent to Deputy Malpress and Marshal Welsh. Heimbaugh was then arrested and later brought here. He is a young man of twenty-two years. He claimed that he took the property because of a claim for wages. The horse was a fine animal, and quite valuable.

Heimbaugh is well known at East Troy. He was adopted by a family living near that place some years ago, and has made it his nominal home since then, although he had worked at Edgerton.

FIFTY YEARS WED
DIVORCE IS WANTEDGOLDEN JUBILEE WILL NOT BE
CELEBRATED.

Mrs. Joseph Churchill is Having Papers of Divorce Made Out—Charge is Cruel and Inhuman Treatment—Plaintiff and Defendant Are Old Enough to Know Better.

After a couple have lived together for fifty years as man and wife it is generally the custom in this country for such a sacred event to be celebrated by the giving of a golden jubilee.

Mr. and Mrs. Joseph Churchill, who reside at 258 West Milwaukee street, have lived together thus fifty years, but no golden jubilee goes. In its place papers for divorce will be served if Mrs. Churchill has anything to say about the matter.

Charged With Cruelty.

On the grounds of cruel and inhuman treatment she has made application to her attorneys, Smith & Pierce, for papers of divorce to be served at once on her husband. The plaintiff in this action is seventy-two years of age, while her husband is a few years her senior. According to the complaint as made by the plaintiff, they were married at Petersburg, Canada, at least fifty years ago, the plaintiff not knowing the exact time. For a time all went well, but soon love lost its charm and their troubles commenced. Soon after their marriage they packed up their household effects and moved to Wisconsin, where they spent thirty-seven years prior to their removal to Janesville, where they have made their home for eight years.

Has Borne Ill Treatment Long

According to the plaintiff, Mr. Churchill treated his wife in a way years ago that would have warranted the securing of a divorce. He used vile and opprobrious language and struck and beat the plaintiff, who is an undisciplined woman, unable to read or write. As a ten or once a month, says the complaint, the defendant did beat and choke his wife which act of inhuman treatment he is alleged to have kept up for several years.

Mrs. Churchill, when interviewed on the matter of her getting a divorce, said that such was the facts, and that she intended now to get a separation from her man if it was her last act on earth.

"I have stood this pounding for about forty years," said Mrs. Churchill to a Gazette man, "and I believe now it is about time to call a halt.

Has Quenr Ways.

"My man has queer ways, and if he saw me talking with you he would think that I was trying to make a date with you, and you bet he would call me to account for it. That is just the kind of a man he is."

CAPTAIN CRABB IS RETIRED

Former Janesville Man Leaves Service With Major's Rank.

Captain George W. Crabb, of the Fifth Regiment of Artillery, United States Army, was recently placed on the retired list with the full rank of major. Captain Crabb will be remembered by Janesville people as the son of Editor Crabb, of The Democrat, a paper that used to be published in a frame building on the site now occupied by the Fredendall block on South Main street. He enlisted as a private in Company I, Second Pennsylvania Infantry, in 1861, and was discharged from the volunteer service after he had been commissioned second lieutenant of the Fifth Artillery in the regular army in May of the same year. His discharge from the volunteer service, and his commission in the regular army, both bear date of July 2, 1861. He was commissioned first lieutenant on February 23, 1865, and became captain on April 17, 1881. He was brevetted first lieutenant for gallant and meritorious services at Antietam on September 17, 1862, and captain for services at the siege of Petersburg on April 2, 1865.

He is now making his home with his daughter in California. Rev. Mr. Royce, formerly rector of Christ church, is now a chaplain in the navy, being in service on the New York. He witnessed the bombardment of Matanzas a few days ago, and stood beside the captain of the ship as the last shot was fired.

RUBBER SHOES FOR HORSES

New Scheme Does Away With the "Clatter of Hoofs."

Horses are now shod with noiseless shoes of rubber and the historic "clatter of hoofs" will soon be a thing of the past. A Gazette reporter was quite surprised to find that horseshoes were made of rubber, but he knows they are because he saw Blacksmith B. O. Lloyd applying a set to the feet of Alex Russell's horse the other day. Mr. Russell also has a rubber tired buggy.
